

## CURE OF ECZEMA AND DANDRUFF

By One Box of Cuticura Ointment and One Cake of Cuticura Soap. Head Perfectly Clear.

"I am pleased to inform you that I have been cured by Cuticura Soap and Ointment. Since I was a boy I have suffered with dandruff, not only from the itching but from its disagreeable appearance in a scalp form all over my head. I had to brush it off my clothes all day long. I used every kind of preparation supposed to cure dandruff, also soaps and shampoos, but it seemed to me that, instead of improving with these remedies, the dandruff increased, even my hair began to fall out and the result was that two months ago eczema developed on my scalp.

"I suffered so from this that as a last resource I thought I would try Cuticura Soap and Cuticura Ointment. They had the most gratifying results for I had used only one box of Cuticura Ointment and a single cake of Cuticura Soap when I was cured, the eczema and dandruff were gone and my head perfectly clear.

"I can assure you that so long as I live no other soap than Cuticura will be used by me and all those near to me. I will also add that I will always use Cuticura Ointment as a dressing for the hair. I feel that you should know of my cure and if you desire you may use this as a true testimonial which comes from a sufferer of thirty years' standing. I will be happy to tell any one of my experience in order to assist those who may be suffering from the same disease. J. Acevedo, General Commission Merchant, 59 Pearl St., New York, Apr. 21, 1910."

Cuticura Remedies afford the most economical treatment for affections of the skin and scalp. A box of Cuticura Soap (25c) and a box of Cuticura Ointment (50c) are often sufficient. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., 115 Columbus Ave., Boston, Mass. Cuticura is a registered trademark. An authority on the Care and Treatment of the Skin, Scalp and Hair.

## WHAT IS BEING DONE

### FOR FAIR VISITORS OHIO AND FRANKLIN

Rooms Listed, Policemen to Direct Strangers, and Home Papers on File.

So that visitors to the territorial fair may be accommodated, the Phoenix board of trade has undertaken the listing of rooms and a general request for places that will be open during fair week has been issued. Already many replies have been received and the listing of rooms is now proceeding rapidly. Many house holders are glad of this opportunity to extend courtesies and have decided to open their homes. Efforts are being made to place everyone that visits Phoenix during this interesting time and every citizen of the Capital City is being called upon to welcome the strangers.

The board of supervisors have been asked to appoint four special policemen for the sole purpose of meeting all trains and directing the newly arrived to the board of trade where lists of accommodations will be on file. The board of trade building will be headquarters during fair week. Visitors can make appointments to meet there at the several tables which will be marked by the different counties of Arizona. Telephones and messenger service will be installed for the accommodation of the visitors.

One of the special arrangements which will be made for the comfort and entertainment of fair visitors will be a table for visitors from each

county in the new building. A dozen tables will be installed and above each will be a placard reading, "Cochise," "Yavapai," etc. On each table will be the papers published in that county and a register for visitors. Thus one may read his home papers and by examining the register learn if any of his neighbors or friends are in the city.

## COLIN BURY WITH THE DONOFRIE-ZUNKEL CO.

Popular Young Man Buys Interest in Growing Local Concern.

C. J. Bury, a former well known young business man of Phoenix, but who has been for five years in Canada, has returned to this city and is now identified with the Donofrie-Zunkel Confectionery company as its secretary and treasurer, and will hereafter be found in the store where he will be glad to receive all his old acquaintances and to greet new ones as well.

Mr. Bury is a graduate of the Phoenix high school and is one of its pioneers, his mother being the first school teacher of this city.

Although a change has been made in the Donofrie-Zunkel Confectionery company there will be no changes in its policy other than to increase, if possible, the hospitality and courtesy always observed by this store, where the pleasure of the customer is the first consideration.

Mr. Donofrie feels that the acquisition of Mr. Bury is a splendid asset in the business as he is a young man who has a host of friends, is energetic and altogether of pleasing personality.

## OHIO AND FRANKLIN ARE NOW ON THE WAY

Two Cars Going Over Route of Los Angeles-Phoenix Road Race.

## SKIN AFFECTIONS

WHETHER ON INFANT OR GROWN PERSON CURED BY ZEMO AND ZEMO SOAP. AN UNUSUAL OFFER.

The Elvey & Hulett Drug Store says to every person, be it man, woman or child, who has an irritated, tender or itching skin to come to our store and procure a bottle of ZEMO and a cake of ZEMO soap and if you are not entirely satisfied with results come back and get your money. So confident are we of the efficacy of this clean, simple treatment that we make you this unusual offer.

ZEMO is a clear liquid for external use that has cured so many cases of eczema, pimples, dandruff and other forms of skin eruption. ZEMO and ZEMO soap are the most economical as well as the cleanest and most effective treatment for affections of the skin or scalp, whether on infant or grown person.

Elvey & Hulett Drug Store.

## Catarrh Sufferers

Good Thing to Know

If you now own a Hyomei hard rubber inhaler the Lovett Drug Co. wants you to know that they will sell you a bottle of HYOMEI for only 50 cents.

Remember this, all who suffer with catarrh—a bottle of HYOMEI (pronounced High-o-me) is put up in a separate package and sold for 50 cents, to accommodate the vast army of people who already own a Hyomei Inhaler. The Lovett Drug Co. will sell it to you at that price and give you the opportunity to begin at once to rid your self of vile catarrh and the snuffling, hawking and spitting that go with it.

Many people through years of neglect have let catarrh get a strong hold upon them. Some of these people unreasonably think that one bottle of HYOMEI ought to cure them.

No matter how chronic your catarrhal troubles, HYOMEI is guaranteed by the Lovett Drug Co. to cure them if you give it half a chance. Just breathe it, that's all, and its healing, soothing, antiseptic properties will make you feel better in a day.

If you own an inhaler get a 50 cent bottle of HYOMEI today. If you do not own a Hyomei Inhaler, ask for a \$1.00 outfit, which includes inhaler.

goes over the route of the Phoenix road race, in the Ohio car, last Tuesday, may now set their fears at rest. They didn't start until last night and can't arrive before tomorrow.

When Graeme left Phoenix for Los Angeles Saturday night, to help Henwood pilot the Ohio over the road, he said that he didn't intend to "loaf along the way." After his arrival he wired back that he would start Tuesday. By some it was thought he might get into Phoenix Wednesday night, or some time Thursday at the latest.

Yesterday the Standard Auto company, Phoenix agents for the Ohio, received another wire from Graeme, saying that the machine entered in the race was delayed at Needles while being shipped west from the factory in Cincinnati. When he wired he thought he and Henwood would pull out of Los Angeles Thursday night.

The Franklin left Los Angeles Monday night, in charge of Ralph Hamlin. He intended to take five days for the trip and if he carries out his intention to take it easy he will not get here until Saturday.

The Klipschke and Ford have both run down to the Colorado and back to Los Angeles. Both will go over the entire course before the race.

At twelve o'clock today the entry list will be closed. Eleven cars were entered the last time information upon the subject was received from Los Angeles.

## PLENTY OF WORK FOR CEMENT CONTRACTORS

Not in Sidewalks But in Ditches, Gutters, Cement Porches and Other Lines.

While not nearly as much concrete sidewalk is being laid in Phoenix today as was being laid at this time last year, all the cement contractors say that they have as much as they can do and have not laid off any men.

"We're not laying so much sidewalk as we were but we're doing more work around houses," said M. L. Vieux yesterday. "We're putting

in concrete porches and floors. Formerly we were called upon to do almost no work of this kind but the desire of builders for more substantial than wood is furnishing us plenty of business. The laying of a concrete porch is no small job. We first have to construct a railing and then fill in the proper amount of earth. The earth has to be carefully soaked and packed before we lay the concrete on top."

The biggest piece of sidewalk work now under way is in Kentworth place, where Mr. Vieux is laying a mile and a half for Hartrant & Tweed, who will shortly place this addition on the market.

More cement gutters and ditches are being constructed than formerly. A cement ditch runs in front of Los Palmas place, on Central avenue, and gutters are shortly to be constructed throughout Evergreen. Several ranch owners are figuring on having all the ditches on their farms cemented but owing to the cost no great amount of cement work has yet been done outside the city or districts immediately adjacent.

## POLICE MAKE FIFTEEN ARRESTS IN ONE DAY

Patrol Wagon Makes Many Trips During the Daylight Hours.

Not in many days have the Phoenix police been so busy as they were yesterday. During the daylight hours, the patrol wagon was kept on the run and at 6 o'clock had hauled in fifteen drunks against whom charges were made. These cases were entirely exclusive of those who were put in and placed on the sober-up list and who will be turned loose today.

Of the entire list but one gave the officers any trouble. Manuel Gibbons, a negro, had been engaged in an unfriendly bout with a Mexican at the Gold hotel. The patrol was sent down with Officers Troutman and Thompson in charge. The negro had been placed aboard the wagon and the trip begun to the city hall.

Just as the patrol wagon was nearing the Boston store, a horse attached to the wagon of the H. G. Edwards second hand store dashed around the corner out of first street and colliding with the patrol wagon, the Boston store proceeded to mix things up in general. Officer Troutman jumped from the step of the patrol wagon and managed to secure the head of Edwards' horse.

Seeing that there was but one officer in the patrol wagon, the negro made a leap for the rear of the car and was just about to make good his escape, when Officer Thompson, turning the lines over to Ben Blakeney, jumped over the seat and collared Gibbons. The negro made an attempt to strike the officer, who had no club. There ensued a scuffle in which the officer was obliged for his own protection to handle the negro pretty roughly.

Officer Troutman, seeing the predicament of Officer Thompson, rushed to his assistance and together they managed to land Gibbons in the city jail without further trouble.

The Edwards wagon in colliding with the buggy in front of the Boston store, broke the thills and one wheel of the buggy, and was itself overturned. The horse was captured before any further damage resulted.

## NORTHERN CATTLE FIND FEED IN THIS VALLEY

Stock Is Being Shipped in to Fatten for Early Spring Market.

Following the practice of other years, stockmen with cattle which have been feeding in the uplands, have begun the shipment of their stock into Phoenix and the Salt river valley for the winter months. Twenty-two cars of cattle arrived here yesterday over the Santa Fe from Del Rio and Mayer and have been distributed among the various alfalfa ranches, where they will feed during the winter months and be placed in condition for the eastern markets during the early spring months when beefs are scarce and meat is high.

The lack of rain in the northern section has caused an early scarcity of feed and, while the cattle received here yesterday are in pretty fair condition, the alfalfa of the Salt river valley is the one thing needed to fatten them and place them in condition such as will insure them bringing a good price later on.

General Manager W. A. Drake of the Santa Fe, Prescott & Phoenix railway, who arrived here yesterday, stated that it is probable that an unprecedented number of cattle will be shipped to Phoenix this year. He says that the cattlemen of the north have begun to realize that it is most essential that the cattle be taken to some place where good and sufficient feed is to be found during the entire winter months and that it appears that the Salt river valley is about the only section of Arizona having this advantage.

Arrangements are easily made with the ranchers of this section for the feeding of foreign stock upon the alfalfa fields which have given forth their annual crops and would otherwise lay idle until the coming spring. There is hardly a time during the entire winter when there is not sufficient feed to be found upon these ranches to meet the needs of large droves of cattle and the northern cattlemen are not slow to take advantage of the opportunity to place their stock in first class condition for the spring market.

**CABBAGE SALAD WITH DRESSING.** Select a small, firm head of white cabbage, chop fine and mix with a cream dressing made as follows: Three tablespoons whipped sweet cream, three tablespoons sugar, four tablespoons white vinegar, and a pinch of salt. Mix the ingredients, beat them briskly, and pour over the cabbage.

WE ALONE IN PHOENIX SELL ROYAL WORCESTER CORSETS

## THE HARROW TO BUY

THE ECONOMY DISC HARROW acknowledges no equal. There is not another harrow on the market that presents so many valuable features. It is a graceful, neat appearing implement, and at the same time has strength to spare. The frame bars are of high carbon steel, as stiff and hard as can be worked in a blacksmith shop. The discs are heavy, with long, sharp bevel, and nicely polished. The spools have a large face that acts as a brace for center of disc and prevents breakage in rough work. The harrow has great flexibility and readily adapts itself to uneven ground. One section may override obstructions or dip into dead furrows without affecting the work of the other section. The harrow cut a uniform depth their entire length. The bearings are of hard maple, with double surface to meet the end wear.

### DOUBLE LEVER ECONOMY.

A patented spring device gives both inside and outside bearings an equal amount of end thrust. By using this device it is unnecessary to have any contact between the inner ends of disc gangs, thus insuring greater flexibility, less friction and lighter draft. The scrapers are the most satisfactory to be found on any disc harrow. The openings in the brackets are so shaped as to admit of the scraper bar being rocked back and forth with the foot levers, thus forcing the blades to sweep the entire face of the discs from center to edge. The scraper is always held firmly against the face of the disc.

The Economy Disc Harrow is also made with double lever, and where such an implement is in demand it gives no superior. Having independent levers, each gang can be set at any desired angle independently of the other.
